

Curriculum Vitae – Fall 2026

Family name: Crescenzi

Given name: Ivana

email address: (given ivana.crescenzi@phd.unibocconi.it)

Qualifications

Graduate – 2 years

MSc in Data Science and Business Analytics (2024–2026)

Main field of study: Data Science, Machine Learning and Algorithms

Bocconi University, Italy

Undergraduate – 3 years

BSc in Economics, Management and Computer Science (2021–2024)

Main field of study: Computer Science, Economics and Management

Bocconi University, Italy

Awards and Scholarships

- 2024 Dean's List, University of Minnesota, United States.
- Best Resolution Award, United Nations Junior Ambassador project, awarded for the development and presentation of a proposal aimed at strengthening multilateral cooperation.

Research Interests

Natural Language Processing, Large Language Models, trustworthy and personalized NLP, machine learning theory, algorithms and optimization, and the theoretical analysis of user-conditioned objective functions and their loss-landscape geometry and topology.

Publications

- Cocoluto, L., Antonelli, L., Crescenzi, I., Crescenzi, M., and Rotundo, R. (2026). "Efficacy and Clinical Indications of Adjunctive Chlorhexidine Mouthrinses in Nonsurgical and Surgical Periodontal Therapy: A Systematic Review and Meta-Analysis." *Periodontology 2000*. Online ahead of print. <https://doi.org/10.1111/prd.70087>
- Crescenzi, I., Górecki, J. J., Moscato, E., and Nozza, D. (2026). "From Supervised Learning to LLMs: A Multilingual Study of Humor Detection." In *Proceedings of the Twelfth Italian Conference on Computational Linguistics (CLiC-it 2026)*.
- Crescenzi, I., Muti, A., and Nozza, D. (2026). "MilaNLP at MultiPRIDE: Evaluating Lexical, Transformer, and Retrieval-Augmented Models for Reclaimed Language." In *Proceedings of EVALITA 2026*.

Studies abroad

- 2024 Exchange Program, University of Minnesota, Minneapolis, United States.
- 2023 Computer Science course, Oxford Summer School, Oxford, United Kingdom.

Work Experience

October 2025–July 2026

Research Assistant, NLP Lab, Bocconi University, Milan, Italy.

Research activities in multilingual and socially aware NLP, including humor detection, harmful and reclaimed language detection, retrieval-augmented methods for detecting misogyny and the evaluation of large language models.

2022

Business Analyst Summer Intern, I.T.Svil, Italy.

2022

Business Consultant Summer Intern, OT & Consulting S.r.l., Italy.

Language Skills

Italian: C2 / native language.

English: C1, IELTS(8.5).

Spanish: B1, University Exam.

Chinese: A1, self-assessed.

IT Skills

Microsoft Word: excellent

Microsoft Excel: excellent

Microsoft PowerPoint: excellent

Python: excellent

R: good

SQL: good

Java: basic

JavaScript: basic

HTML/CSS: fairly good

Python libraries and frameworks, including pandas, scikit-learn, PyTorch and TensorFlow: excellent

Machine learning, deep learning and Natural Language Processing: excellent

Statistical modelling and econometrics: good

Tableau and Power BI: good

Stata: good

MATLAB: fairly good

Git: good

Other Activities

Co-founder and President, Bocconi Statistics and Data Science Student Association (BSDSA).

Responsible for the development of activities and initiatives related to statistics, data science and student engagement.

Member of the Tech Department, Bocconi Astra Association.

Contributed to the backend and frontend development and maintenance of the association's website.

Developed a winning proposal for the university project "Competing in the Metaverse," addressing customer-retention challenges for Telepass through Web 3.0 technologies.
